TEDxWilmette Announces 2022 Event and Speakers

WILMETTE, IL, December 9- TEDxWilmette will feature six dynamic leaders from the Chicagoland area at its third annual event to be held on Saturday, April 9, 2022 from 1-3 p.m. at Regina Dominican High School. Under this year's theme "**All In**", local leaders from the fields of philanthropy, business, communication and health will share their experiences and ideas that will inspire the audience to be **All In** to create positive change in themselves and in the community. After the presentations, attendees will have the opportunity to participate in breakout sessions to further the discussion and network with presenters and fellow attendees.

"We are delighted to be planning an in-person event at Regina Dominican High School, which has been a terrific partner of TEDxWilmette from the beginning. We will be able to gather to hear six dynamite women share their talks, and then we'll dive deeper into community and conversation during breakout sessions. I look forward to being All In together with our sponsors, speakers, audience and team," said Ami Campbell, co-organizer of the event.

TEDxWilmette believes in the power of individuals who are **All In** to create positive change with their ideas, passions, and skills. Through signature events and smaller local gatherings, TEDxWilmette focuses on harnessing the power of communities to scale individual ideas for maximum impact. The speakers at the April event will engage our community and show what's possible when we're **All In** together.

Created by TED, the nonprofit organization that launched the now-famous TED Talks, TEDx events are organized independently by local individuals under a free license granted by TED. TEDxWilmette is organized by volunteers dedicated to providing a forum where people can engage, exchange ideas, create community and learn something new.

TEDxWilmette relies on the generosity of sponsors to fund the event, and this year, COMPASS North Shore is the premier sponsor. Five Realtor teams have come together

and are an example of being All In for the community: Coco & April Group, Dave + Amy Chung, Paige Dooley Team, Joanne Hudson Group, and, for the third consecutive year, Meg + Katie Group. TEDxWilmette is grateful for their investment and partnership. To learn more about sponsoring TEDxWilmette, please contact Ami Campbell at tedxwilmette@gmail.com.

Tickets will be on sale beginning February 28, 2022. For more information visit www.TEDXWilmette.com.

About TEDx, x = independently organized event

In the spirit of ideas worth spreading, TEDx is a program of local, self-organized events that bring people together to share a TED-like experience. At a TEDx event, TED Talks video and live speakers combine to spark deep discussion and connection. These local, self-organized events are branded TEDx, where x = independently organized TED event. The TED Conference provides general guidance for the TEDx program, but individual TEDx events are self-organized. (Subject to certain rules and regulations.)

About TED

TED is a nonprofit organization devoted to Ideas Worth Spreading, often in the form of short talks delivered by leading thinkers and doers. Many of these talks are given at TED conferences, intimate TED Salons and thousands of independently organized TEDx events around the world. Videos of these talks are made available, free, on TED.com and other platforms. Audio versions of TED Talks are published to TED Talks Daily, available on all podcast platforms.

TED's open and free initiatives for spreading ideas include TED.com, where new TED Talk videos are posted daily; TEDx, which licenses thousands of individuals and groups to host local, self-organized TED-style events around the world; the TED Fellows program, which selects innovators from around the globe to amplify the impact of their remarkable projects and activities; The Audacious Project, which surfaces and funds critical ideas that have the potential to impact millions of lives; TED Translators, which crowdsources the subtitling of TED Talks so that big ideas can spread across languages and borders; and the educational initiative TED-Ed. TED also offers TED@Work, a program that reimagines TED Talks for workplace learning. TED also has a growing library of original podcasts, including The TED Interview with Chris Anderson, WorkLife with Adam Grant, Far Flung with Saleem Reshamwala and How to Be a Better Human.
